

What is the most fun thing you've done this week?

The most fun I've had this week is when I performed in the 4-H Dramatic Reading with Mrs. Crawford. I read Stink and the Super Galactic Jawbreaker. You have to read for one minute thirty seconds to three minutes. If you dressed up, you got more points. My book was about a kid in a candy store. It was so much fun and definitely the best part of my week.

Evan Shortt, 4th, Hilton Elementary, Mrs. Crawford

The most fun recent thing I've done is go to a Tennessee football game. My dad had a friend who rented a tent and let us go in the tent. I got to watch other football games. I was so happy when Tennessee almost got a touchdown. I jumped and fell. I went Friday, September 22nd. I had a great time at that football game.

Kale Creech, 4th, Miller Perry Elementary, Ms. Jeffers

The most fun thing I've done this week is when I spent time with my mom and dad. We played together outside. We played puzzles together.

Nehemiah West, 2nd, Nickelsville Elementary, Mrs. Gilmer

The most exciting thing I did this week was my sister Kendra and I went up over the ridge. Our papaw takes us up in the woods all the time so we know all the ways. We got our pocket knives and my sister Kendra always brings a stick. We walked to papaw's house. We went across the field across from his house. We climbed over the fence and jumped over the creek. We started up into the woods and were about halfway over the ridge when it started to get dark, so we started back. Thankfully we made it home safely in the dark.

Johnna Bledsoe, 5th, Jonesville Middle, Mrs. Austin

I loved reading with Mrs. Short this week. I love reading books. My favorite book is Fox in Socks. I love reading books by Dr. Seuss. I love reading books.

Sarah Gilliland, 2nd, Mount Carmel Elementary, Ms. Spradlin

When reflecting upon this past week, one distinct incident illuminates from within my mental filing cabinet. It's a Monday. Dreary and uneventful.

My eyes feel limp. But as the first half of the day's classes comes to a close and a throng of ravenous eighth graders file into the cafeteria, I sense that, perhaps, my monotonous day will soon be improved. The first minutes of lunch are rather mundane, lacking excitement of any sort. However, the arrival of food into our stomachs sparks within us a new spirit of joy. A dear friend calls out an inside joke, and our lunch of laughter- as it soon becomes known- begins. Though we are slightly distracted by the food upon our trays, we chuckle the thirty minutes away in a fit of pure fun.

Eliza Smith, 8th, Surgoinsville Middle, Mrs. Hensley

Math Night was a lot of fun. My favorite game was Addition War. It was fun. I saw some of my favorite superheroes. It was lots and lots of fun. I cannot wait to do it again.

Clinton Hall, 2nd, Mount Carmel Elementary, Mrs. Strickler

The most fun thing I've done this week is I went on a field trip. It was really fun because there were no boys. We got to build robots, look at things through a microscope, and we also got to meet a weather expert!

Madison Mullins, 6th, Jonesville Middle, Mrs. Jones

The most fun I had this week was squirrel hunting with my dad.

Deaven Lawson, 1st, Hilton Elementary, Mrs. Light

This week was fun! I had soccer yesterday. It was fun because we learned to kick the ball with our laces. We got to play a game. We lost. I made a new friend. I love soccer!

Kaydence Thompson, 2nd, Rock Springs Elementary, Mrs. Charlton

The most fun thing I did this week was go to Gatlinburg. I took a lot of pictures there. It was pretty. I walked around. It was windy there. I liked it there.

Delphina Gonzalez, 2nd, Hilton Elementary, Mrs. Edwards

I had a lot of fun this week! We had homecoming, I got to eat Lee's, and go out for ice cream. When we got home, I went right to my room and slept for a long time!

Jessie Barton, 7th, Jonesville Middle, Mrs. Brooks

The most fun thing I've done this week is pick tobacco. We grow tobacco on our family farm. I helped my dad pick tobacco.

Braydon Culbertson, 2nd, Nickelsville Elementary, Mrs. Gilmer

The most fun day was going on the field trip to the farm. I loved seeing the animals. It was very fun! My favorite was the horses. I love horses. My second is the cows. They were soft. I loved the farm.

Amethyst Faurot, 2nd, Mount Carmel Elementary, Mrs. Short

The most fun thing I did was go to Just Jump.

The things that made it fun were practicing my front flip, doing the obstacle courses, and jumping. Front flips are cool because you can do a trick, but I can only do it on trampolines and diving boards. People can barely do front flips because it is hard to do. Obstacle courses are fun because your teammates can help you. I love it when we do obstacle courses, I did it lots of times. I jump every day because it helps me get all my energy out. It also gets me hyper when I jump. It was very fun after all. I hope I get to go again. I hope you will like it when you go. Have a good time if you go.

Reagan Soter, 5th, Shoemaker Elementary, Ms. Garrett

Fun times go fast like a flash. It was fun doing the polar bear experiment. The water was icy cold in our bucket, but the other team's bucket wasn't as cold as ours. Our team had our hands in the longest. Experiments are fun and awesome.

Hayden Musick, 4th, Miller Perry Elementary, Ms. Jeffers

The most fun thing I've done this week is listen to the most thrilling and eventful piece of classical music that has ever touched my ears. I felt each note as if it were a groove in a wooden plank. As I journeyed through the forest that I was put in, I felt the feelings that this particular piece portrayed. The music moved through sadness as if it were a bug which must be squashed quickly, only hitting it faintly. But, oh, it was there. I felt joy, and then, after a long while, I felt anticipation and soon worry. The feeling of triumph came through and shone brighter than any star. I envisioned a woman dancing in the moonlight- beautiful, with silky smooth pale-white skin- as the music leaped to an end. She ended in a stunning plie as the last cord broke out, and the song halted to an abrupt, yet still subtle, end.

Sarah Smith, 8th, Surgoinsville Middle, Mrs. Hensley

The most fun I had this week was eat at a Chinese place. I got to have new food. I liked the Chinese noodles.

Avery Vineyard, 1st, Hilton Elementary, Mrs. Light

This week the fun thing was getting the starters for Girl Scouts. I'm really excited for Girl Scouts. I can hardly wait! I am super stoked about it! I want to earn a lot of badges in Girl Scouts. We might stay overnight at the aquarium. I really want to do that! I also want to paint. Natalie is in my troop. Lacy is in my troop, too. My troop number is 465. I hope it is fun! This is my first year for Girl Scouts!

Madeleine Love, 2nd, Rock Springs Elementary, Mrs. Charlton

The most fun thing I did this week was go to the park. My family and I went to Cumberland Bowl Park and we played on the playground. My little brother and I ran around the park twice. I played basketball with my dad, my little brother, and my sister. We had a fun week.

Taft Aldridge, 7th, Jonesville Middle, Mrs. Brooks

My family and I went to the fair and we had so much fun. We rode a lot of rides. My mom rode one ride that scared her. Riding Aladdin was so much fun. It leaned to the left then went up straight. Then I rode a train that went fast straight, then fast backwards. That was so exciting!

Chloey Parks, 5th, Jonesville Middle, Mrs. Austin
