My favorite movie is Christopher Robin. It is my favorite movie because it's super thrilling and it's a very funny movie. I went to see it with my family on Labor Day this year. My favorite character is Piglet. Piglet is one of the funniest characters and also one of the nicest characters. I think that movie is a really good movie and it is also kid-friendly, so anyone can watch it. Christopher Robin is a movie that most kids will love and teaches a lesson about life and caring for others.

The best show I have ever seen is called The Jeffersons. There's the maid, Florence, Mrs. Jefferson (they call her Weezy), Mr. Jefferson (they call him George) and their son Lionel and his wife. One time George won a small business man award but it was really for short business men. That is my favorite show in the world.

Piper Adams, 4th, Miller Perry Elementary, Ms. Jeffers

My all-time favorite movie is The Blind Side, which is based on a true story, starring Sandra Bullock and Tim McGraw. It's about an exceptionally large African-American teenage boy who lives in basically

the "hood" of Memphis, Tennessee. He was taken from his drug-addicted mother at a young age and had just gotten accepted into a private Christian academy despite his poor grades, but he has no place to stay because his friend, whom he had been living with, kicked him out. He depends on the school for food, heat, and shelter. He hardly has any clothes, but then one night an extremely rich, white, and Christian family found him walking outside on the sidewalk practically shivering to death because he didn't have a proper coat for the chilly mid-November night. They then took him home, provided him with all of the necessities that he needed for life and an amazing tutor, and taught him how to use his potential for the game of football. His grades went up, he and the family discovered how astounding he was at football, and they started to love him unlike anyone in his life had ever done and the other way around.

The boy went on to a great college on a football scholarship, and he became an NFL player years after. In the end, I love this movie because it shows how love can change a person's whole entire life for the better.

Hayden MacIver, 4th, Miller Perry Elementary, Ms. Jeffers

The best and my favorite action-packed movie ever is Transformers. It is so cool. I got to see the grinding of metal forming into a robot and then saw them fighting. There was the crunching of metal and the loud explosions of rockets that sounded like they went right by my head. They also had low and somewhat raspy voices. It was so cool when they would get into fist fights, and you could hear the crunching and grinding of hard metal, and sometimes they would pull out a sword or an ax and I could hear the loud SHING, and they would just fight it out.

Garrett Cradic, 8th, Surgoinsville Middle, Mrs. Hensley

My favorite movie out of all my favorite movies and TV shows is The Nancy Drew movie. I love to read the books and when I saw this movie was on Netflix, I about flipped. It's really good too. I could watch it over and over again. It's an older movie but still awesome. This is the best movie ever.

I love it so much!

Julie Woodard, 7th, Jonesville Middle, Mrs. Brooks

My favorite TV show is Lost in Space. I like it because it is about the future and space. I like space a lot. It is very long, but it is really good. It is very descriptive and has a lot of details. The characters go on adventures and face really hard challenges. The end of season one leaves you on a big cliffhanger. That is why I like Lost in Space.

Timothy Bonsor, 4th, Miller Perry Elementary, Ms. Jeffers

Aidan Yeary, 6th, Jonesville Middle, Mrs. Jones

If I had to pick a favorite TV show it would be The Amazing World of Gumball. I like this show because it is very funny and does a crossover of different TV shows. My favorite episode is when Gumball is trying to speak to a boom box. It keeps saying beat box. Gumball says, "I don't understand what you're saying."

Nathaniel Gilliam, 5th, Shoemaker Elementary, Ms. Garrett

The Flash is my favorite TV show. It's about a twenty-one year old scientist named Barry Allen who gets struck by lightning and is put into a three-month coma. When he wakes up, he has super speed. He fights crime, drinks coffee, and gets married.
